

IVECO

Get going! Enter your apprenticeship!

Our apprentices in automotive engineering are supported in the workshop by journeymen at every branch. It is important to us that our apprentices fit well into the team, enjoy their job, and are open to learning new things. We want to promote your potential and take you on in the company if your performance is convincing.

We are looking for **YOU** for the following apprenticeship at our locations in **Wöllersdorf, Hörsching, Eugendorf** and **Vienna (1230)**:

Apprenticeship automotive technology (f/m/d) with a focus on commercial vehicle technology and system electronics

Duration of training: 4 years

You will learn:

- repair, maintenance and service work
- use of electronic measuring and testing methods
- completion of regular service work such as „sticker check“
- inspection and replacement of coolants, lubricants and other liquids

Our expectations of you:

- positive compulsory school leaving certificate
- technical understanding
- good manners and team spirit
- willingness to work, learn and be punctual
- fascination with large vehicles
